Docket No. 98N-1265

Food and Drug Administration

Rockville, MD. 20857

APR 15 1999

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

When using Premarin / Provera I became deathly ill - bleeding monthly for more than 10 days; headaches; weight gain, bloated legs. Same problem even after shifting to lesser dose on the patch.

Now that I am on "natural" hormone replacement (under doctor's supervision, I am my happy, normal self again and I'll be 70 in August.
